DETAILED ACTION

Information Disclosure Statement

1. The information disclosure statements (IDSs) filed May 4 and Sept. 29, 2005 are acknowledged.

Drawings

2. Figure 1 should be designated by a legend such as --Prior Art-- because only that which is old is illustrated. See MPEP § 608.02(g). Corrected drawings in compliance with 37 CFR 1.121(d) are required in reply to the Office action to avoid abandonment of the application. The replacement sheet(s) should be labeled "Replacement Sheet" in the page header (as per 37 CFR 1.84(c)) so as not to obstruct any portion of the drawing figures. If the changes are not accepted by the examiner, the applicant will be notified and informed of any required corrective action in the next Office action. The objection to the drawings will not be held in abeyance.

Specification

3. The disclosure is objected to because of the following informalities: The incident angle \square in pages 5,20,21,22,24,29,30,37 should read Θ . A series of vertical rectangles before each of the numeral number (1), (2), ...(9) of the equations in pages 5,28,29,30 should be removed.

Appropriate correction is required.

Claim Objections

4. Claim 5 is objected to because of the following informalities: The incident angle \square in claim 5, lines 4,10 should read Θ . Appropriate correction is required.
5. Claims 6 and 7 are objected to as being dependent upon the above objected claim.

Allowable Subject Matter

Art Unit: 2873

6. Claims 1-7 are allowed.

7. The following is a statement of reasons for the indication of allowable subject matter:

The prior art fails to disclose the light illuminating apparatus comprising first radiating means, second radiating means and light synthesizing means as defined in claim 1. Therefore claim 1 and its dependent claims 2-7 could be allowable over the prior art of record.

Conclusion

8. This application is in condition for allowance except for the following formal matters:

The objections to the drawings, the specification and claims as discussed above.

Prosecution on the merits is closed in accordance with the practice under *Ex parte*

Quayle, 1935 C.D. 11, 453 O.G. 213.

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.
